

Directions to Asah Farms Suri Alpacas

From Bill Morris Parkway (hwy 385 or old Nonconnah Parkway):

You can take Bill Morris Parkway to either Poplar (57) or to 72 and then follow the directions below.

From Poplar (57):

Take Poplar through Collierville and into Fayette County. Poplar, which is hwy 72, splits in Collierville. If you keep straight Poplar turns into highway 57 going into Fayette County. If take a right it continues on as hwy 72 and goes into Mississippi. Assuming you go straight on Poplar you would go around 11-12 miles after crossing into Fayette County. Once you pass the business "Troxel", take the very next right onto Slayden Road. Ride south on Slayden Road about 2 miles until you get to Oak Grove Road and take a left (it is the second left). Go a couple miles on Oak Grove until you come to Oak Grove Baptist church and take a right just after the church onto Candy Owens Road. Our house is the first one on the right. There is a big black mailbox with a horse flag on it and the house is sitting back behind a pond in the front yard.

From 72:

From the Memphis area take 72 south for several miles. After you get into Mississippi, 72 will turn into a huge divided 4 lane highway. Follow this another 7-8 miles until you get to Slayden and take a left onto North Slayden. Ride North Slayden 4-5 miles until you get to Oak Grove Road and take a right (I believe it is the second right). Watch for the sign that shows an intersection on the right coming up and that is probably Oak Grove Road. Go a couple miles on Oak Grove until you come to Oak Grove Baptist church and take a right just after the church onto Candy Owens Road. Our house is the first one on the right. There is a big black mailbox with a horse flag on it and the house is sitting back behind a pond in the front yard.

From Hwy 76: (Somerville, Williston, Moscow)

Turn right when 76 runs into Hwy 57, continue through Moscow and across the bridge. You will take the first left after the bridge. This is Yeager. On Yeager you want to go approximately 3 miles and then take a right onto Oak Grove Road. Yeager will begin to make a sweeping curve to the left and Oak Grove is a hard right in the middle of that curve. Once on Oak Grove go a block and take a left onto Candy Owens Road just before Oak Grove Baptist. Our house is the first one on the right. There is a big black mailbox with a horse flag on it and the house is sitting back behind a pond in the front yard.
